DEPARTMENT MEMORANDUM
No. 78, s. 1975

ENVIRONMENTAL EDUCATION PROGRAMS OF THE DISTRICT LEVEL.

To: ALL DISTRICT DIRECTORS CONCERNED AND
REGIONAL DIRECTORIES:

1. Initial reports on the regional seminar-workshops for environmental education were generally encouraging. Careful planning of the activities, the involvement of other offices and agencies at the local level, and the full cooperation of superintendents in the region to insure successful seminars were among the commendable features noted.

2. It is desired, in this connection, that environmental education programs at the division level be implemented starting July 1 this school year. Among the activities that may be undertaken are the following:

- a. Preparation of a division action program on environmental education to include campaign plans or projects on the division, district, and school levels.
- b. Assigning a corps of curriculum and/or staff writers to prepare materials on environmental education, using as models, if desired, the materials prepared at the regional environmental education seminars-workshops.
- c. Holding division seminar-workshops to be held at the district and school levels. Inviting leaders, government and non-government agencies, civic organizations, youth leaders, etc., should be invited insofar as possible.

3. This Office will appreciate receiving reports from the regional offices on the implementation of this Memorandum on the division level. These reports should include copies of division action programs including campaign plans and materials and materials prepared by the region and/or divisions.

S(O), JAMES D. CASTRO
Secretary
