**RANBO SURVEY OF SCHOOLS PARTICIPATING
IN THE FEEDING PROGRAM**

Regional Directors
School Divisions
Superintendents of Schools

For the next year, CARE, in cooperation with
LEA, will be conducting a random survey of schools
participating in the feeding program. The purpose
of the survey is to assess the operation of the
program, the potential for local inputs. The information
gathered will not be used to evaluate the performance
of individual schools or divisions but will be applied
to the national program.

Since pre-arranged visits would bias the
data gathering, CARE and LEA representatives will be
conducting the visits in relation to this survey without
advance notice to the division or district officials.
This manner of visitation will be employed only
for the purpose of this survey. All other visits will be
conducted with the knowledge of the officials concerned. The
cooperation of all offices concerned in this survey will
be highly appreciated.
