COMMISSION ON AUDIT CIRCULAR NO. 78-84

TO : All Heads of Ministries, Bureaus and Offices of the National Government, Managing Heads of Government-Owned and/or Controlled Corporations, Boards and Commissions, Chief Accountants and Corporate Treasurers, Provincial Governors, City and Municipal Mayors, Local Treasurers, All COA Regional Directors and Supervising Auditors, all Auditors of Ministries, Bureaus and Offices, Provincial and City Auditors, Corporation Auditors, and All Others Concerned.

SUBJECT Updating and Restating Audit Requirements for Purchase of Supplies, Materials and Equipment.

1. STATEMENT OF OBJECTIVES

By constitutional mandate, the Commission on Audit shall "examine, audit, and settle, in accordance with law and regulations, all accounts pertaining to revenues and receipts of, and expenditures or uses of funds and property, owned or held in trust by, or pertaining to the Government, or any of its subdivisions, agencies, or instrumentalities, including government-owned or controlled corporations" (Sec. 2 [1], Art. XII-D, Constitution). In the discharge of this duty, the resident auditor among other things, verifies whether the fiscal transactions of the client agency conform with applicable laws and regulations. Necessarily, the auditor sees that documents or papers indicative of compliance with such laws or regulations are submitted to support claims chargeable against government funds.

At present, there are numerous and scattered laws, Presidential issuances and regulations governing procurement. For lack of common guide, the officials and employees of the Government who are involved in one way or the other in the different aspects of procurement, find difficulty in acting intelligently and expeditiously on the transactions.

In order to expedite audit action, achieve uniformity and objectivity in the processing of claims, and clarify or harmonize confusing and conflicting laws, rules and regulations governing procurement, the audit requirements therefor are hereby integrated, updated and collated. The documents or papers which should be submitted in support of claims against the government are enumerated in this Circular.

II. BASIC REQUIREMENTS APPLICABLE TO ALL CLASSES OF DISBURSEMENTS

1. Existence of lawful and sufficient appropriations certified as available by the proper officer;
2. Legality of transaction and conformity with rules and regulations,
3. Approval of the expenses by the head of the agency, local subdivision or government corporation or authorized representative, and
4. Submission of proper evidence to establish the claim.

III. SCOPE COVERAGE

Since procurement is the most common and most repetitive type of transaction in all agencies and red tape and variances in audit requirements are more often encountered in this particular kind of disbursement, this Circular is issued for guidance in the audit of purchases of supplies, materials and equipment. Pending issuance of similar circulars on the matter, audit requirements for other claims, such as those for repair and maintenance of government property and other facilities, rentals of premises used for government offices and contracts for public works and those made by government officials and employees for salaries and wages, allowances, travel expenses, and fringe benefits shall continue to be governed by the Manuals and other regulations issued by this Commission.

IV. REQUIREMENTS COMMON TO ALL PURCHASES

In the audit of payments for supplies, materials and equipment delivered, the following documents shall be required, regardless of the mode of procurement:

1. Request for purchase or requisition of supplies, materials and equipment or its equivalent, duly approved by proper authorities,

2. Stock position sheet in case any single commodity requisitioned exceeds ₱1,000.00 in value,
3. Purchase/Letter Order/Contract, duly approved by the officials concerned and accepted by the supplier (date of acceptance must be clearly indicated, especially where the time or date of delivery is dependent on or will be counted from the date of acceptance of the purchase/letter order/contract),
4. Original copy of the dealer's/supplier's invoice (a) showing the quantity, description of the articles, unit and total value, duly signed by the dealer or his representative, and (b) indicating acceptance of delivery by the proper agency official,
5. Inspection report made by the COA technical Property Inspector or the auditor's representative, depending upon the nature and/or purchase price of the delivered item,
6. Result of test where the item delivered is subject to test. Payment of 80% of the purchase price should be supported by evidence of sampling made by the property inspector of the articles subjected to testing in the presence of the dealer or his authorized representative or a certificate signed by the latter waiving his right to be present in the sampling, if such is the case,
7. BIR Tax Clearance and Letter of Confirmation pursuant to Administrative Order No. 56 of the Office of the President dated June 26, 1967,
8. Evidence of availability of funds, such as copies of the request for obligation of allotment and cash disbursement ceiling in the case of the National Government agencies

V. ADDITIONAL REQUIREMENTS FOR PARTICULAR CASES

In addition, the following documents shall be submitted for each of the different modes of procurement hereunder indicated:

A. Public Bidding
