MEMORANDUM FOR THE DIRECTOR
No. 227, s. 1979

PROPER INTERPRETATION OF GIRL SCOUTING CONCEPTS

To: Bureau Directors
Regional Directors
Presidents, State Colleges and Universities
Administrators of Vocational Schools
Schools Superintendents

1. Scouting as conceived by its founder, Lord Robert Baden Powell is a game and "played" out-of-doors with an international program of activities that aims to develop the girl or boy.
2. When taken as a subject in school, girl scouting is not as interesting and challenging as troop girl scouting which includes camping, badge work activities and the like. As a subject, moreover, scouting becomes a series of definitions and concepts and enumeration of events. There is a danger of misinterpreting the real essence of the Movement.
3. To be able to convey the concepts of girl scouting in VDT classes in the spirit conceived by the founder, and to help VDT teachers interpret girl scouting concepts, there are publications published by the CSP for use of VDT teachers.
4. The list of said publications and CSP Headquarters where the publications can be ordered, are enclosed.
5. It is requested that the contents of this Memorandum be disseminated to all concerned.
