Presidents, State Colleges and Universities

1. The UP-MEC National Drug Education Program will conduct the Second Level II Training Program on Preventive Drug Education for teachers at the College of Education, University of the Philippines, Roxas Avenue, Diliman, Quezon City, from November 8 to 25, 1979.
2. The overall objective of the seminar-workshop is to provide intensive training on drug education to teachers who are expected to work as a team in setting up and/or strengthening existing preventive drug education at the elementary and secondary school levels and colleges of education in their respective provinces and cities.
3. Specifically, the seminar-workshop aims to develop among the participants competencies which will enable them to:
 - a. develop keener sensitivity to the problems of drug abuse;
 - b. increase awareness of socio-psych-cultural factors influencing drug abuse;
 - c. improve, upgrade and develop curriculum materials for drug education integrated with health education and other allied areas of study;
 - d. acquire innovative strategies for teaching/learning and evaluating drug education;
 - e. acquire scientific skills and techniques for identifying, handling, and referring suspected cases of drug abuse;
 - f. develop skills in coordinating and cooperating with private, civic and government agencies concerned with education, regulation and control of drug abuse; and
 - g. develop training programs for preventive drug education at the elementary and secondary schools and teacher education colleges.

4. The trainers who will undergo this Second Level II Training Program on Preventive Drug Education are expected to work as a team in planning and conducting the Level III Drug Education Training Program for selected elementary and high school teachers in their respective provinces or cities. The selected teachers who will undergo the Level III Drug Education Training Program are expected to conduct the Level IV Drug Education Training Program with the assistance from the trainers in their respective schools. Level III and IV Training Programs are to be financed from local funds.

5. The team of trainers will be composed of the following:
- a. One (1) School Physician
