1980 NCEE CUT-OFF SCORE

To Bureau Directors  
Regional Directors  
Schools Superintendents  
Presidents, State Colleges and Universities  
Heads of Private Schools, Colleges and Universities

1 The Ministry of Education and Culture hereby announces that the cut-off score for the 1980 NCEE is a General Scholastic Aptitude (GSA) percentile rating of thirty-five (35). This means that a student should obtain at least a GSA percentile score of 35 to qualify for admission into any 4-year or more degree program in college, except in teacher-education courses where a GSA percentile score of at least 45 is required.

2 Private colleges and universities are reminded about strict compliance with the requirement regarding the inclusion of the NCEE percentile rating in the Form 19 of graduating students and of the year when they took the NCEE. Similarly, state colleges and universities are required to indicate in the students' Transcript of Records their NCEE percentile rating and the year when the NCEE was taken.

3 To preclude the occurrence of problems such as cases of graduating students in college who, too late, are found to have not met the NCEE requirement, registrars/admissions officers are enjoined to see to it that the freshman enrolment lists indicate the NCEE rating of each enrollee together with the year when the examination was taken.

4 Registrars/admissions officers are, likewise, requested to require students transferring from other schools in order to pursue 4-year degree programs to present a certified true copy of their NCEE rating. In this connection, only the NETC is authorized to issue this certification. Colleges and universities are therefore, enjoined to accept only genuine certification slips properly stamped with the NETC dry seal.

5 Compliance with the contents of this Memorandum is desired
