5. The participants should bring with them samples of learning modules and achievement tests that have been developed and used in their schools. They should be prepared to present and discuss the development and use of these resource materials during the seminar-workshop.

6. Traveling expenses and per diems of the participants from station to the Marikina Institute of Science and Technology and return shall be charged against the funds of the school concerned subject to the usual accounting and auditing regulations. Other expenses including board and lodging and workshop materials shall be charged against the funds provided by UNESCO under the Japanese Fund-In-Trust Agreement.

7. The contents of this Memorandum should be disseminated to all concerned for their information and guidance.

(SGD.) JERRY C. GUYA
Director
