REMINING THE SCHOOLS AND OFFICES OF THE FIRE SAFETY MEASURES

To: Undersecretaries
Assistant Secretaries
Regional Directors
Bureau/Center/Service/Unit Directors
Schools Superintendents

1. During summer months, possible occurrences of fire are inevitable. In view thereof, all school officials are reminded to take note of the basic fire safety measures to be implemented in their respective areas of concern. There must be a regular building inspection to specifically check on circuit breakers and electrical wiring systems. School authorities concerned must see to it that there are fire exits and fire fighting equipment. The conduct of fire safety orientation/training for personnel, fire drills and proper building maintenance must also be considered.
2. Likewise, fire safety measures must be observed in all DECS offices. Employees are reminded to turn-off all equipment and check all outlets before leaving their respective areas.
3. Immediate dissemination of this Memorandum to all concerned is desired.
