DECS MEMORANDUM
No. 107, s. 1999

CONSTEL SCIENCE VIDEOTAPES PROHIBITED AS STUDENTS' PROJECT

To: Regional Directors
Schools Superintendents
Private Elementary and Secondary School Principals

1. Reports have reached this Office that the CONSTEL videotapes are required as projects by teachers of some private schools.
2. The CONSTEL Science learning materials are designed to upgrade the teachers' competencies in teaching Science; hence, it is inappropriate for teachers to require their students to submit these learning materials as projects.
3. To protect the authorized reproduction of the CONSTEL Science videotapes, DECS, UPISMED and PTNI strictly prohibit the copying, renting, editing, selling, re-transmission and public showing of the program without previous written permission from the program owners.
4. To acquire the CONSTEL videotapes with the Teacher Support Materials (TSM) the school head or principal shall have two options: to purchase a set of these videotapes or to ask a sponsoring agency to donate a set of these materials to the school.
5. Guidelines for acquiring CONSTEL Science learning materials are provided in DECS Order No. 21, s. 1999.
6. Immediate dissemination of this Memorandum is expected.
