DECS MEMORANDUM
No 116, s 2000

FIRE SAFETY MEASURES AND PREVENTION CAMPAIGN
DURING THE SUMMER MONTHS

To Undersecretaries
Assistant Secretaries
Bureau Directors
Regional Directors
Schools Division/City Superintendents
Private Elementary and Secondary School Principals

- 1 Occurrences of fire during the summer months are more prevalent. All school officials are therefore required to take note of the basic fire safety measures to be implemented in their respective areas of concern.
- 2 School authorities must see to it that there are sufficient fire suppression systems such as fire extinguishers, fire alarms and other fire fighting equipment installed in their respective buildings and offices. However, to ensure the quality of the products to be procured, firms with ISO9002 series certified are preferred.
- 3 The conduct of fire safety orientation/training, fire drills and regular building inspection/maintenance must also be considered.
- 4 In this connection, the concerned officials are authorized to purchase the said fire fighting supplies chargeable against their respective MOOE allotment subject to accounting and auditing rules and regulations.
- 5 Immediate compliance with this Memorandum is desired.
