DECS MEMORANDUM
No 128 s 2000

REGIONAL DISAGGREGATION OF MTPDP TARGETS

To Regional Secretary, ARMM
Regional Directors
Regional Planning Officers

1 This is a follow-up to the discussions during the Conference Workshop on the Preparation of Data Requirements for DECS 2001 Budget and other Planning and Programming Concerns held last January 25-28, 2000 at DECS Central Office

2 As agreed upon, the Office of Planning Service has disaggregated (by region) the national targets for key education indicators included in the Medium-Term Philippine Development Plan (MTPDP) for 1999-2004 (see Attachment) These regional targets will be used as basis for reporting accomplishments and for budgeting/planning within this plan period

3 In setting the national and regional MTPDP targets bear in mind the following considerations:

a These targets were set guided by the historical trend in the key indicators and under the assumption that

- ◆ for the first three years of the plan period the country will still feel the impact of the economy crisis that started in late 1997 Thus the targets for this period were more modestly set and
- ◆ during the last three years, the country would have recovered from the crisis Thus the targets were relatively more ambitious

b We also have to take cognizance of the International standards in terms of access, efficiency and quality Thus the targets were set in a way that will push us more toward getting closer to these international standards

4 In committing ourselves to these targets It will prompt us to be more focused and strategic in carrying out educational planning and management role

5 For appropriate action and guidance of all concerned

Andrew B. Gonzalez
ANDREW B. GONZALEZ, FSC
Secretary
