DECS MEMORANDUM  
No. 268, s. 2000

STI-DECS 2000-2001 INFORMATION TECHNOLOGY (IT) CARAVAN

To: Regional Directors  
Schools Division/City Superintendents  
Private Secondary Schools Principals

1. In support of the Estrada Administration's efforts to improve and upgrade the state of Information Technology (IT) in the country, the Systems Technology Institute (STI), in coordination with the Department of Education, Culture and Sports (DECS), will be conducting a series of IT conventions in the key parts of the country.

2. This IT caravan will start rolling in September 2000 and endeavor to reach more than one hundred thousand high school students in strategic locations nationwide. It aims to enhance the knowledge of graduating high school students regarding IT, its new developments and practical applications to daily life, as well as career opportunities. Interesting topics will be delivered through multimedia presentations, one of the most notable applications of IT. As such, the gathering will be both educational and fun-filled, as this will feature an impressive line-up of professionals as speakers and celebrity guests who will provide intermission numbers. Raffle prizes will be given away during each convention.

3. The convention is entirely free. The participants will be high school seniors, guidance counselors, teachers of the senior batch and their principals and all others who intend to make IT their profession. In view of the educational importance of this gathering, it is encouraged that students take advantage of this opportunity by attending any of the scheduled conventions. Contained in Enclosure 'A' to this Memorandum is the IT caravan itinerary and projected schedules; while Enclosure 'B' contains the complete name, address and phone/fax/pager numbers and e-mail of the contact person for each STI branch. The STI branches will serve as coordinating offices for registration.

4. Widest and immediate dissemination of this Memorandum is expected.

*Andrew Gonzalez*
