BRIEF DESCRIPTIONS OF THE TRAINING MATERIALS

1.1 **The Effective Teaching-Learning in Child-Friendly Schools: A Training Manual** provides theoretical foundations and information about teaching-learning principles and applications. These are consistent with the philosophical frameworks and with the learner-centered pedagogy applied in CFSS.

1.2 **The Health Promoting Schools Facilitator's Manual** expounds on the components of a health promoting school that ensures a safe, secure, friendly and healthy environment and provides children with positive experiences as they learn.

1.3 **The Student Tracking System (STS) Facilitator's Manual** discusses the know-how of the STS. It highlights the importance of organizing data about children's academic performance based on their physical condition and social environment. It identifies and undertakes school, family and community-based interventions to alleviate the causes of poor child learning and to create a more child-friendly learning environment.

1.4 **The Protective and Inclusive Child-Friendly Schools: A Training Manual** focuses on issues affecting school children who are at-risk and in need of special protection. It tackles the life conditions that make these children vulnerable abuse and exploitation due to socio-cultural factors, and economic and political conditions affecting their lives.

1.5 **The Gender Sensitivity Training Facilitator's Manual** discusses gender concepts and issues and introduces activities and strategies that develop the awareness on the practices that have produced biases, stereotypes and prejudices about women which resulted in the marginalization of their contribution to the society.
