To: Bureau Directors  
Regional Directors  
Schools Division/City Superintendents  
Heads, Private Elementary and Secondary Schools

1. The Infocamp and the Twenty Plus Production have undertaken a project to make the top-quality education television programs shown in National Geographic Channel (NGC) accessible to the underprivileged Filipino viewers who have no access to cable television. Hence, the NGC is slated to launch the initial telecast of its highly informative TV series on ABC-5 starting October 16, 2005, every Sunday 12:30-1:00 p.m. The Twenty Plus Production has dubbed these programs in Filipino for better understanding and appreciation of the schoolchildren.
2. Elementary and high school students are encouraged to watch these programs, which include environmental protection, ecology, science and biology, technology and other related topics. These topics can be integrated in their class activities or can be discussed as part of their special studies.
3. For more information, please contact Mr. Roger M. Garcia, President and Managing Director, Infocamp, Inc. and Ms. Pelita P. Uy, Managing Director, Twenty Plus Productions or through ABC Channel 5, Novaliches, Quezon City.
4. Immediate dissemination of this Memorandum is desired.
