2. Through the Teachers' Guides, public high school students will be educated on the value of saving, the deposit insurance system and how the act of saving in banks can strengthen the Philippine economy through various real-life activities.
3. Selected teachers of Values Education and Araling Panlipunan developed the Teachers' Guides while PDIC provided relevant information as well as expertise on the country's deposit insurance system to the module developers.
4. The PDIC will print and distribute the Teachers' Guides to all public high schools through the division offices following the orientation of regional supervisors on the use of these guides.
