

Office of the Secretary

NOV 20 2006

DepED MEMORANDUM

No. 407, s. 2006

ENGLISH BY RADIO IN THE PHILIPPINES

To: Undersecretaries  
Assistant Secretaries  
Bureau Directors  
Regional Directors  
Schools Division/City Superintendents  
Directors of Services/Centers and Heads of Units  
Division Chiefs  
All Others Concerned

1. The Department of Education (DepED), the British Council, the Philippine Broadcasting System (Radyo ng Bayan) and the British Broadcasting Company (BBC) are introducing a project entitled "English by Radio" through listen and learn approach.

2. English by Radio broadcasts three ten-minute radio programs each week for schools on the Radyo ng Bayan national network. The programs aim to give teachers and students listening exercises for use in class, including songs, stories and everyday conversation. The project website ([www.englishbyradio.com.ph](http://www.englishbyradio.com.ph)) gives teachers notes and ideas for further classroom exercises based on what is heard each week on the programs.

3. The programs are aired over the Radyo ng Bayan national network at the following schedule:

**Alphabeticus - Tuesdays at 10:50-11:00 a.m.**

A program for very young English learners 6-8 years old, which includes sing-a-longs alphabet games and a simple story. The emphasis is on building up English vocabulary.

**E-Club - Thursdays at 10:50-11:00 a.m.**

This program "visits" the life of a typical Filipino family. There is usually at least 2 minutes of simple English conversation between two or more family members about daily life. This conversation leads to some questions and class practice on aspects of that week's DepED English syllabus for 11 year olds. The website gives further ideas for classroom activities. The emphasis of E-club is conversational English.

**E-Club Storyland - Fridays at 10:50-11:00 a.m.**

A series of stories (folk tales or famous children's fairy stories) retold in simple English for 10-12 year olds. There are comprehension questions at the end of each program and the website gives further ideas for classroom activities. The emphasis of E-Club Storyland is on comprehension and improving listening skills.

4. Teachers are encouraged to record or tape the lessons aired over the radio, for reuse and for review in class. Enclosed is the matrix of Radyo ng Bayan's network stations nationwide.

5. Likewise, DepED offers the English by Radio package for support under the Adopt-a-School Program. Key regional officials are enjoined to seek support from potential adopting entities to procure radio sets for use of public schools. For non-energized areas or schools without electric facilities, wind-up radio sets could be procured.

6. For more information, please contact Ms. Nadine Alberto, Director, English by Radio, at tel. no. 0906-6217101 and e-mail address: [nialberto@mydestiny.net](mailto:nialberto@mydestiny.net) or Mr. Ian Cawley, British Council at tel. no. 914-1011 ext. 145; e-mail address: [ian.cawley@britishcouncil.org](mailto:ian.cawley@britishcouncil.org) or website: [www.englishbyradio.com.ph](http://www.englishbyradio.com.ph).

5. Immediate dissemination of this Memorandum is desired.

*Jesli A. Lapus*  
For: JESLI A. LAPUS  
Secretary
