The SEAMEO INNOTECH District Supervisors Leadership (DSL) Program is organized in order to build and enhance the competencies of the District Supervisors in leading efforts towards transforming schools and learning centers in their jurisdiction. Through the DSL Program, the District Supervisors will be capacitated to support the over-all goal of improving learning outcomes among school children and youth, develop and manage a district-wide learning community set on the road to continuous improvement and higher learning achievement.
2. Pursuant to the abovesited DepEd Memorandum, the first four (4) classes who shall participate in the program will be scholars selected from Regions I to IV-CALABARZON. The full program is designed over three (3) phases: Phase I covers a two-week residential training at SEAMEO INNOTECH, Phase 2 consists of a two-week on-line discussion, and Phase 3 includes the final week of on-line sessions. In order to complete the program, each scholar will go through all activities in the three phases.
