MEETING PERFORMANCE STANDARDS

To: Bureau Directors
Regional Directors
Schools Superintendents
Presidents, State Colleges and Universities
Heads of Private Schools, Colleges and Universities
Vocational School Superintendents/Administrators

1. It is the responsibility of the schools system to see to it that every enrolled student receives the education and attains the performance standards applicable to his grade level. Any compromise on educational standards does a disservice to students, their parents and the community.
2. The maintenance of educational standards requires that classes, including out-of-school learning activities of those enrolled in school, be conducted such as to meet established criteria relative to class content and hours. It is understood that marking and promotion of pupils/students are based on performance according to specific learning objectives for each level.
3. Schools should assist students in attaining the applicable learning objectives, when these are adversely affected by unscheduled holidays, natural calamities, unauthorized teacher leaves, or other reason. School heads are therefore asked to identify and adopt such measures as may be necessary to enable pupils/students to catch up on missed work and learning.
4. Regional directors and schools superintendents shall oversee compliance with this Order. They are authorized to approve such measures as may be suitable to individual circumstances, including the payment of overtime services to personnel providing remedial instruction after regular school hours or on Saturdays. In accordance with existing policy, such payments may be charged to savings from personal services.
5. Immediate dissemination of this Order is requested.
