1. By virtue of Batas Pambansa Blg. 232 approved on September 11, 1982, the Bureau of Technical and Vocational Education was established and operationalized on June 17, 1985. The Bureau is directed to strengthen and improve the quality of technical-vocational education as a regular offering of the formal educational system.
2. The Bureau of Non-Formal Education was also organized and is mandated to offer short-term livelihood/vocational courses.
3. Before this, all post-secondary programs came under the purview of the Bureau of Higher Education and all programs were classified for special areas and certifications as set in MECS Order No. 30, s. 1985 and expanded by MECS Order No. 56, s. 1986.
4. In order that the three Bureaus which have to do with post-secondary and vocational courses may not duplicate each other's efforts, the Coordinating Committee on Programs requested the Directors of the three Bureaus to delineate areas of responsibility with regard to vocational courses.
5. In general, the Bureau of Higher Education shall be responsible for degree programs, associate programs, as well as midwifery and other sciences, e.g., radiology and physical therapy. The Bureau of Technical and Vocational Education shall be responsible for post-secondary certificate and diploma courses and Board courses up to 3 years as well as computer hardware courses. The Bureau of Non-Formal Education shall be responsible for extension services or outreach programs, such as livelihood courses which do not require a high school diploma for entrance purposes.
6. Specifically, Inclosure No. 1, shows courses under the Bureau of Technical and Vocational Education and Inclosure No. 2, those which fall under the Bureau of Higher Education.
