**CIVIL SERVICE COMMISSION**

№ 1005-91

RESOLUTION NO. 1-157

WHEREAS, the Commission is authorized by law to promulgate policies, standards and guidelines governing recruitment and selection of employees to positions in the career service, in accordance with the Constitutional mandate on merit and fitness;

WHEREAS, the Commission has announced, under Memorandum Circular No. 29, s. 1988 Reiterating Existing Policies on Appointments, that starting January 1989 temporary appointments of non-eligibles as well as those who lack the appropriate eligibility to positions in the career service, except those covered by the provisions of MC 10, s. 1977 and Resolution No. 435, s. 1980 shall no longer be entertained by the Commission;

WHEREAS, the same Circular provides that appointments of teachers shall be governed by the relevant provisions of RA 4870; however, when teachers registered under PD 1008 are available for appointment, no non-eligible applicants shall be appointed as teachers even in temporary or provisional capacity;

WHEREAS, in the light of this issuance, the Department of Science and Technology (DOST) through the Science Education Institute (SEI) requested the Commission to consider its program - A Cooperative Pre-Service Education for Science and Mathematics Teachers - which aims to produce new breed of science and mathematics teachers in the secondary schools strong in their areas of specialization and equipped with the necessary skills in teaching methodology; a program which complements Commission programs aimed at providing the bureaucracy with the best qualified personnel;

WHEREAS, applicants for this program who qualify in the rigid selection process established by SEI are granted full scholarship by SEI in the pursuit of a bachelor of science degree in any of the courses under the program such as BS in Physics for Teachers (BSPT), BS in Mathematics for Teachers (BSMT) or BS in Chemistry for Teachers (BSCT);

WHEREAS, the scholars, after completion of their courses, are required under the program to serve as full-time physics/mathematics/chemistry teachers in a secondary school, whether private or public, in their own region for a minimum period of four (4) years equivalent to the length of time that they enjoyed the scholarship;

NOW, THEREFORE, foregoing premises considered, and in order for the government to avail of the services of these highly competent government scholars, the COMMISSION RESOLVED, as it hereby RESOLVES, to allow the scholar-graduates of the Cooperative Pre-Service Education for Science and Mathematics Teachers Program of DOST/SEI to teach on provisional status as an exception from MC 29, s. 1989 until they pass the Professional Board Examination for Teachers and registered as professional teachers pursuant to PD 1006. The provisional appointment shall not, however, exceed four (4) years in which case they shall be automatically replaced by qualified registered teachers who are immediately available for employment.

The Commission further Resolved, as it hereby Resolves, that the list of these graduates to be provided by SEI, as certified by its Director, shall be used for Certification and Placement purposes.

This Resolution shall apply to all scholars who have completed the required courses and have not been considered for any teaching position in the government.

Adopted this 5th day of February 1991.
