DECS Order No. 51, s. 1993

PRIVATE SCHOOLS QUALIFIED FOR ACCREDITATION BENEFITS

To: Bureau Directors, Regional Directors, School Superintendents
Heads of Private Schools, Colleges and Universities

1. It is the policy of this Department to encourage the accreditation mechanism as a means for private schools to undertake peer group evaluation and undertake programs of improvement. This principle had been established under DECS Order No. 93, s. 1992.

2. Pursuant to this policy, the benefits of accreditation as set forth in Section 3.c. of the above-mentioned DECS issuance, including the authority to graduate students at all levels without need for Special Orders, are hereby granted to these private educational institutions at the secondary and/or tertiary levels who have:

(A) Obtained the requisite Level II or higher accreditation status, as recommended by the Federation of Accrediting Associations of the Philippines (FAAP), or

(B) Where schools belong to educational accreditation associations without secondary accrediting programs thus far, enjoy Level II or higher accreditation status in at least three tertiary level programs, or

(C) Been included in the 250 best performing schools in the NCEE for the past five years.

3. Those institutions under Groups A and B will enjoy accreditation benefits for as long as they maintain accredited status in their respective associations. Those institutions who are covered by Group C will enjoy accreditation benefits for the next three full school years, beginning with the school year 1993-94.

4. Attached is the list of secondary and tertiary private institutions which qualify under these programs, as of this date. Since they are classified by groups, it is possible that the same secondary school may appear in more than one list. Individual certificates granting the benefits of accreditation to the top 250 high schools will be issued separately. Additional schools as may subsequently qualify will be announced in due course.

Secretary
