1.0 Background. This Office has observed the proliferation of unauthorized lending groups or persons involved in lending activities within the DECS system. Noted also is the collusion between and among some DECS personnel and lending groups, persons, DECS officials and other personnel involved in lending activities to facilitate the collection of the salaries/cheques of teachers and other personnel, in whole or in part, through unauthorized deduction or withholding schemes, evidently in satisfaction of obligations contracted with them. These activities have reduced some of our personnel to collection agents who are given certain percentage for the job, and denigrated the efficiency and morale of our teachers and other personnel, especially those in the field offices.

Time and again, this particular problem has cropped up and this Department has consistently addressed the problem and maintained its stand against these practices.
