OFFICE OF THE SECRETARY

August 19, 1999

DECS ORDER

No. 88, s. 1999

LIST OF APPROVED SUPPLEMENTARY AND REFERENCE
MATERIALS FOR SY1999-2000

To: Undersecretaries/Assistant Secretaries
Bureau/Center/Service Directors
Regional Directors
School Superintendents, Administrators and Principals
Resident COA Auditors
All Others Concerned

1. DECS is pleased to announce the enclosed list of approved supplementary and reference materials which may be used in public schools starting school year 1999-2000.

2. Relative thereto, the following guidelines are hereby issued regarding the purchase of these instructional materials:

- a. Notwithstanding the issuance of this list, basic textbooks shall continue to be given priority in the allocation of funds, regardless of source, for the purchase of instructional materials;
- b. All purchases of supplementary and reference materials starting SY1999-2000 shall be based on this approved list and in accordance with existing guidelines on the desired number of materials that may be provided each school or library as contained in DECS Order S-8, 1998;
- c. Consistent with the current moratorium on the purchase of supplementary and reference materials, DECS funds should not be used to procure materials included in this list until or unless otherwise decided or authorized by the DECS Secretary. Thus, in the meantime, only non-DECS funds such as local school board/SER funds may be used in the procurement of supplementary and reference materials in this list;

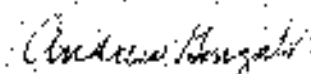

- c. Government and non-government entities who intend to purchase materials listed herein are advised to purchase the same from duly accredited suppliers of the Department;
- d. The prices contained herein are ceiling prices. Thus, purchasing entities are advised to negotiate for discounts from suppliers particularly when large volumes of purchases are involved, consistent with the established practice in the publishing industry, in order to secure the best terms for the government; and
- f. Any purchase of supplementary and reference materials should be based on specific needs, priorities, and/or validated requests of public elementary and secondary schools.

3. All concerned are enjoined to exercise judicious care in the procurement of these materials in order to maximize the benefits for the school children.

4. All previous lists of approved supplementary and reference materials specifically DECS Order 47, s. 1996, DECS Order 54, s. 1997, DECS Order 104, s. 1997, and DECS Order 39, s. 1998 are hereby repealed effective immediately.

5. For the information and guidance of all concerned.

 ANDREW GONZALEZ, FSC
 Secretary
