**DepED ORDER**  
No. 9, s. 2008

**SUBMISSION OF PRIORITY LISTS OF SCHOOL BUILDINGS TO BE FUNDED  
UNDER THE CY 2008 REGULAR SCHOOL BUILDING PROGRAM**

To: DepED ARMM Regional Secretary  
Regional Directors  
Schools Division/City Superintendents

1. The appropriation for the CY 2008 Regular School Building Program was allocated by legislative districts in accordance with the allocation criteria under R.A. 7880. Enclosed are the Guidelines for the Preparation of Priority List of School Buildings to be funded under this program marked Annex "A".
2. In preparing the final list of priority schools, please take note of the budgetary ceiling for each congressional district and the standard cost for the different project components. The division offices shall determine the specific allocation for elementary and secondary levels based on actual needs, provided, that the actual allocation for both levels does not exceed the budgetary ceiling of the congressional district. Further, the list of recipient schools shall be drawn from the updated Instructional Room Analysis of the BEIS data (SY 2007-2008).
3. During the 2007 regional coordination meetings between DepED and DPWH on the implementation of the regular school building program, it was agreed that DPWH shall only construct "COMPLETE" school buildings for new construction except for multi-storey constructions which DPWH can program partial construction with limited budget. However, the completion of these projects with partial constructions shall be prioritized for programming in the ensuing year's budget. Ocular inspections of the proposed recipient schools shall be undertaken to assess present site, electrical and water facilities conditions, and to determine actual classroom/repair needs, as well as the estimated cost/financial requirements thereof.
4. The standard format of the Priority Listings is in Annex "B" while the allocation per congressional district in Annex "C".
5. The priority listings shall be duly approved by the Schools Division/City Superintendents and the DPWH District Engineer with the concurrence of the Congressional Representative concerned. In the event that there is no response from the concerned Congressional Representative within 15 days from the receipt of the list of recipient schools for approval, the list is deemed approved.

6. The DPWH District Engineer shall agree with the cost set by DepED for a "COMPLETE" school building. Refer to part E of Annex "A" for the components of a "complete" school building and Annex "D" on the regionalized costs based on the prevailing cost of construction materials, labor and hauling in a particular region.
7. The priority lists of schools shall be submitted to the **Physical Facilities and Schools Engineering Division – Office of the Planning Service (PFSED-OPS)** at the 4<sup>th</sup> Floor, Bonifacio Building, DepED Complex, Meralco Avenue, Pasig City with telefax nos. (02) 633-72-63/638-71-10/638-41-08 and e-mail address: [pfsed\\_010305@yahoo.com](mailto:pfsed_010305@yahoo.com) following the format in Annex "C" on or before **February 29, 2008**.
8. To ensure that the school buildings can be used by the start of the School Year 2008-2009, the President instructed DepED to complete the construction and/or repair/rehabilitation of the school buildings during the summer vacation period. Thus, procurement shall immediately commence once the listing is approved by respective approving authority (e.g. Superintendent, Representative).
9. Immediate dissemination of and compliance with this Order is desired.

  
**JESLI A. LAPUS**  
Secretary

Encls.: As stated  
Reference: DepED Memorandum: No. 7, s. 2007  
Allotment: 1—(D.O. 50-97)  
To be indicated in the Perpetual Index  
under the following subjects:

~~FUNDS~~  
~~LISTS~~  
PROGRAMS  
SCHOOLBUILDINGS

**GUIDELINES FOR THE PREPARATION OF PRIORITY LISTS OF SCHOOL BUILDINGS TO BE FUNDED UNDER THE CY 2008 REGULAR SCHOOL BUILDING PROGRAM**

**I. School Building Allocation**

- a. The CY 2008 Regular School Building Program has a budgetary allocation of TWO BILLION PESOS (PhP 2.0 Billion). This amount will be allocated by legislative district in accordance with the allocation criteria mandated under R.A. 7880 otherwise known as "Fair and Equitable Allocation of the DECS' Budget for Capital Outlay".
- b. The computed allocation by legislative district is hereto attached as Annex "C".
- c. The division/regional offices shall determine the specific allocation for elementary and secondary levels based on the actual needs provided that the total allocation for both levels does not exceed the budgetary ceiling of the legislative district.

**II. Identification of Sites**

- A. In preparing the final list of school building projects, the following should be considered for prioritization:

**1. New Construction**

- a. Schools belonging to the following zones, viz:

Color Code	Classroom-Pupil/Student Ratio	Level Of Priority
Red and Black	56 and above	1 <sup>st</sup> Priority
Gold	51-55	2 <sup>nd</sup> Priority
Yellow	46-50	3 <sup>rd</sup> Priority

If no school belongs to the aforementioned color codes, schools that fall under the blue color category or with classroom to pupil/student ratio of 1:45 and below will be considered, provided that a justification of the prioritization will be submitted.

**2. Replacement/Reconstruction and Rehabilitation**

- a. Replacement of school buildings razed by fire, old and dilapidated structures which have been condemned as finally approved by the Regional Director.
- b. Rehabilitation or reconstruction of school buildings damaged by typhoons, covered by mudslides and flash floods.

### 3. Repair and Completion

- a. Repair of structures which are already dangerous to the lives of the school populace.
- b. Completion of unfinished buildings utilized for academic instruction.
- c. Repair of structures assessed by members of the Disaster Quick Response Program (DQRP) Team under the project for the Assessment of Schoolbuildings' Structural Integrity and Stability (Project: A.S.S.I.S.T.).

### 4. Other Priorities

- a. Construction/Repair of toilet, multi-purpose workshop (to be used for conducting home economics and industrial/practical arts classes) and science laboratories.
- b. Provision of potable water supply system and repair of water facilities.
- c. Installation of electrical wiring or general rewiring.
- d. Provision of classroom/school building for indigenous peoples.
- e. Provision of classroom/school buildings for resettlement areas with suitable school sites.

## III. Standard Classroom Dimensions

- a. 7m x 7m classroom – To be adopted for schools located in provinces where the classroom-pupil/student ratio is not more than 1:45.
- b.1. 7m x 9m classroom – this will be used in schools located in semi-urban areas or in urbanizing portions of municipalities such as the poblacion where the classroom to pupil/student ratio is more than 1:45. **ALL PUBLIC SECONDARY SCHOOLS WILL ADOPT** the 7m x 9m dimension regardless of its location and class size.
- b.2. 7m x 9m for medium-rise school building – this will be adopted for schools in the National Capital Region (NCR) and in urban of high growth areas or where the school is with limited space/site. At least a 2-storey structure shall be planned to be erected.

## IV. Standard Cost of Educational Structures

As agreed during the 2007 regional coordination meetings between DepED and DPWH, regionalized costs of school buildings will be adopted on the implementation of the regular school building program. The regionalized costs of school buildings are based on the prevailing cost of construction materials, labor and hauling in a particular region. Refer to **Annex "D"** for the tabulated costs of school buildings per region. The cost for each type of school building, which is the estimated Total Project Cost (TPC), is computed as follows:

$$\begin{aligned} \text{TPC} &= \text{DC} + \text{IC} + \text{CT} + \text{GE} \\ \text{DC} &= \text{MC} + \text{LC} \end{aligned}$$

IC = 21% (DC)  
CT = 12% (DC + IC)  
GE = 3.5% (DC + IC + CT)

Where DC – Direct Cost  
IC – Indirect Cost  
CT – Contractor's Tax  
GE – Estimated Government Expenses  
MC – Material Cost  
LC – Labor Cost

The costs of school buildings shown in Annex "D" are for normal conditions only. The cost may vary for remote, far-flung or for island schools which will incur additional expenses for handling of materials to project site. The cost may also vary for schools that will need additional site development or will require special design.

Regardless of the location of the recipient school or condition of project site, all school buildings to be constructed must have "COMPLETE" features.

#### V. Components of a "Complete" School Building

As per agreement between DepED and DPWH during the 2007 regional coordination meetings in the implementation of the regular school building program, DPWH shall only construct "complete" school buildings for new construction, except for multi-storey constructions in which DPWH can program partial construction with limited budget. However, completion of these projects shall be prioritized for programming in the ensuing year's budget allocation for the School Building Program.

The features of a "COMPLETE" school building are as follows:

- a. cemented floor;
- b. smooth finished (plastered) walls;
- c. painted walls, ceiling and roofing;
- d. full cathedral-type ceiling;
- e. complete set of windows;
- f. two entrances with doors;
- g. complete electrical wires and fixtures (for areas with electrical facility);
- h. roofing or weather protection;
- i. blackboard (optional); and
- j. comfort room (optional).

#### VI. Modes of Implementation

School building projects will be undertaken by DPWH through contracting, or by Local Government Units (LGUs)/Non-Government Organizations (NGOs) through a Memorandum of Agreement (MOA).

h

## **VII. Coordination and Consultation**

Schools Division/City Superintendents or their representatives should coordinate/consult with the concerned Representative of the Legislative District and the DPWH District Engineer in the preparation of the final listing of recipient schools. The said list should be jointly approved by the Schools Division/City Superintendent, District Engineer, and duly concurred by the Representative concerned.

Likewise, to prevent duplication of recipient schools in the DepED School Building Program for Red and Black Schools or in any other School Building Project being implemented by other agencies and NGOs, the Schools Division/ City Superintendents or their representatives may coordinate with the concerned Representative of the Legislative District, LGU through the Local School Board, and other concerned entity, in the preparation of the final listing of recipient schools.

In the event that there is no response from the concerned Congressional Representative within 30 days from the receipt of the proposed list of recipient schools for approval, the list is deemed approved.

## **VIII. Reporting Format/Submission**

In preparing the list of recipient schools, the format shown in Annex "B" should be strictly followed. The final list should be prepared in triplicate copies, the original copy to be submitted to the PFSED, duplicate copy to the Regional Office and the triplicate copy to be retained by the division Office concerned.

### HAULING COST FACTOR

	(A) BY LAND	(B) BY SEA	(C) MANUAL
<b>SINGLE STOREY</b>			
1CL 7m x 7m Modified	0.002	0.005	0.140
2CL 7m x 7m Modified	0.002	0.005	0.140
3CL 7m x 7m Modified	0.002	0.005	0.140
1CL 7m x 9m Modified	0.002	0.005	0.140
2CL 7m x 9m Modified	0.002	0.005	0.140
3CL 7m x 9m Modified	0.002	0.005	0.140
4CL 7m x 9m Modified	0.002	0.005	0.140
1CL 7m x 9m Original	0.002	0.005	0.140
2CL 7m x 9m Original	0.002	0.005	0.140
3CL 7m x 9m Original	0.002	0.005	0.140
<b>MULTI-STOREY</b>			
2sty 4CL	0.002	0.005	0.140
2sty 6CL	0.002	0.005	0.140
2sty 8CL	0.002	0.005	0.140
3sty 9CL	0.002	0.005	0.140

**FORMULA:**

- A. Hauling cost by LAND = (AAE-UNFACTORED) x LAND DISTANCE x (HAULING COST FACTOR)
- B. Hauling cost by SEA = (AAE-UNFACTORED) x SEA DISTANCE x (HAULING COST FACTOR)
- C. MANUAL Hauling Cost = (AAE-UNFACTORED) x WALKING DISTANCE x (HAULING COST FACTOR)

**THEREFORE:**

$$\text{TOTAL PROJECT COST with HAULING} = (\text{AAE-UNFACTORED}) + \text{A} + \text{B} + \text{C}$$
