

AUTOMECHANICS

Fourth Year

Table of Contents

Module 1	Mag-oto-oto Ka Na! :Fundamentals of Automotive
Lesson 1	Basic Shop Work Practices
Lesson 2	Fundamental Aspects of Automotive (Basic Tools and Equipment in Automotive)
Lesson 3	Fundamental Aspects of Automotive (Basic Components of a Vehicle)
Module 2	Makina Klasika! :Engine Classification
Lesson 1	The Four Stroke Cycle
Lesson 2	Classification of Engines
Lesson 3	Engine Parts
Module 3	Spaghetti Engine: Engine Auxiliaries
Lesson 1	The Fuel System
Lesson 2	The Lubricating System
Lesson 3	The Cooling System
Lesson 4	The Exhaust System
Lesson 5	The Electrical System
Lesson 6	The Starting System
Module 4	Working Together
Lesson 1	The Charging System
Lesson 2	Troubles in Charging System, Causes and Remedies
Lesson 3	The Parts and Function of the Ignition System
Lesson 4	The Lighting System
Lesson 5	The Horn System, its Parts and Functions
Module 5	Horse Power
Lesson 1	The Clutch System
Lesson 2	Transmission
Lesson 3	The Differential
Lesson 4	Differential and Axle Assembly, Troubles, Causes and Remedies
Module 6	Plastic Man: Steering and Suspension System
Lesson 1	The Steering System
Lesson 2	Types of Steering System
Lesson 3	Steering System's Troubles, Causes and Remedies
Lesson 4	Suspension System
Lesson 5	The Suspension System (Toe-in and Toe-out)
Lesson 6	The Suspension System (Camber and Caster)
Lesson 7	Suspension System's Troubles, Causes and Remedies
